---

Thank you for your interest in a Milkwood Artist Residence. Our dedication to promoting creative processes through residencies and support services allows us to develop flexible arrangements with visiting artists and scholars. One of the few restrictions we hold is that Milkwood provides artists accommodations for no less than two weeks at a time. Shorter stays will be considered as guest accommodations, which carry a significantly higher fee. Additional services and studio space may or may not require additional fees, depending on type of service and space availability. We understand that individual artists may have unique requests; therefore, we work with various artists and arts organizations in Cesky Krumlov to meet as best we can those various needs. It is important that you provide as much relevant information as possible on your application. Should your application be accepted, we will respond with a full description of additional services available based on your requests. Application processing takes about one month. You should request accommodations no less than six months prior to your expected stay. A 50% deposit is required at least two months prior to your arrival. Please email the complete form and file attachments to [info@milkwoodinternational.org](mailto:info@milkwoodinternational.org). Additional materials should be mailed to our US address. Any materials that need to be returned must be accompanied with a self-addressed stamped envelope.

### Application Form
